SUBJECT: Anderson Road reduced to one lane November 2-3

BY: Pakou

Anderson Road reduced to one lane November 2-3

The City of Duluth will be reducing Anderson Road to one driving lane next week. On Tuesday, November 2, and Wednesday, November 3, 2010, a crew will be working on Anderson Road collecting soil data. There will be intermittent lane closures between Haines Road & Chambersburg Drive, with flaggers directing traffic. Work is being done to collect data on the underlying soils as part of the Anderson Road reconstruction project scheduled for summer 2011. Anderson Road is one of several street projects planned under the Street Improvement Program for 2011.

The City thanks the public for their patience and asks motorists to slow down and use caution when driving by work crews.
