**Crane Operations Scheduled for May 23 on 100 Block of West Superior Street**

[Duluth, MN] - The City of Duluth is informing the public about a scheduled project on May 23rd involving the installation of a crane, which will be placed along the block in front of the US Bank building (130 West Superior Street) in downtown Duluth. Workers are removing some equipment from the roof of the bank building. The project will start around 9 AM and should be finished at about 3:30 pm.

The placement of the crane will obstruct access to several parking spaces and the sidewalk on the south side of Superior Street within that block as well as the eastbound driving lane. Traffic will be shifted into the north side parking lane in order to accommodate two way travel lanes.
