SUBJECT: Intersection of Piedmont Avenue and West First Street to Close Temporarily

BY: Kate Van Daele, Public Information Officer

Intersection of Piedmont Avenue and West First Street to Close Temporarily

[Duluth, MN] The intersection of Piedmont Avenue and West First Street will close temporarily on Monday, November 4th, for approximately four days. A contractor will be removing the temporary improvements that were made to the intersection in July, which allowed for wind turbine parts to be moved out of the Port of Duluth over the summer and fall months. The intersection will be restored to its previous condition.
