SUBJECT: City of Duluth to host the fifth public meeting for the upcoming West Superior Street reconstruction project November 13

BY: Kelli Latuska, Public Information Officer

City of Duluth to host the fifth public meeting for the upcoming West Superior Street reconstruction project on November 13

[DULUTH, MN] The City of Duluth invites community members, business owners, and stakeholders to attend the fifth public meeting regarding the reconstruction of West Superior Street between Carlton and West Michigan Streets. The project team will present updates on the design, construction phases, timelines, and anticipated impacts on traffic flow and local businesses. This meeting provides an opportunity for the community to view the final layout, ask questions, and share feedback on the streetscape elements as plans are finalized.

The fifth public open house will take place on Wednesday, November 13, 2024 from 4:30 pm to 6:30 pm at the Clyde Iron Works Malting Building (2907 Helm Street, Duluth, MN).

Project design is nearly complete, with construction scheduled to take place from 2025 to 2028. Funding for the project will come from a Rebuilding American Infrastructure with Sustainability and Equity (RAISE) federal grant, MnDOT IJIA Matching Grant, Municipal State Aid for Streets, and utility funds.

The scope of work for the project includes:

- Full reconstruction of the roadway and utilities.
- Traffic signal replacement.
- Stormwater drainage and infrastructure improvements.
- Street lighting replacement and improvement.

- Pedestrian improvements.
- Multimodal improvements for cyclists and other lightweight human- and electric-powered devices.

The design team will provide a brief presentation at 5:00 pm to discuss the project and the design. Community members are invited to attend the open house at any time that is convenient for them.

City staff and the design team will be available to discuss the project and gather feedback throughout the open house.

For further details, please visit the project's website at westsuperiorstreet.com.

Location:

Clyde Iron Works Malting Building
2907 Helm Street
